

Date	Speaker	Title of Talk
8-Feb	Emily Josephs	An evolutionary genomics approach to the evolution of plasticity.
	<i>Michigan State University</i>	
15-Feb	Ole Seehausen	TBA
	<i>University of Bern</i>	
22-Feb	NO SEMINAR - READING WEEK	
1-Mar	Allison Louthan	Chitty Lecture 2022-2023 "Global variation in the impacts of climate vs. species interactions for population performance"
	<i>Kansas State University</i>	
8-Mar	Lauren Hallett	Managing species coexistence in a variable and changing world
	<i>University of Oregon</i>	
Mar-15	Anna Monfils	Building the 21st Century Biodiversity Science Workforce: The Extended Specimen and Data Acumen
	<i>Central Michigan University</i>	
22-Mar	Katrina Dlugosch	Looking to the past, present, and future of eco-evolutionary interactions in species invasions
	University of Arizona	
29-Mar	Jessica Ware	TBA
	<i>American Museum of Natural History NYC</i>	
Apr-05	Jeannine Cavender-Bares	TBA
	<i>University of Minnesota</i>	
12-Apr	John Gittleman	TBA
	<i>University of Georgia</i>
